

Postersize-it Consignment Agreement

By submitting this information you are entering an agreement with Postersize-it to permit us to act as your agent for the online sale of the artistic/photographic work you have provided for inclusion in our consignment program.

By signing this statement you attest to the fact that you own the rights to the work you are submitting and to the best of your knowledge no other party can make claim of copyright involving this work. If this work is jointly owned, all living copyright holders must sign this document.

Postersize-it does not withhold federal income taxes on payments made under this agreement. The payee will be responsible for taxes due as a result of payments, if any, for sales through this program.

There is no guarantee sales will occur, nor is there any minimum payment provisions under this agreement.

All sales are recorded individually and payments are mailed as soon as our refund/returns obligation has passed under our terms of sales (30 days from date of shipment).

You will be notified via e-mail of each sale at the time of sale as well as a notice of payment when it is actually mailed.

It is your responsibility to keep your email and payment information on file with Postersize-it current.

This agreement will continue in force until such time that either party terminates it in writing, but in no case will it terminate until any pending sales made under it are finalized. This is not an exclusive right to sell and you may continue to offer your work through other venues, however Postersize-it may terminate this agreement if it is found offered elsewhere at substantially lower price than listed on our website.

The price you set here is the price you expect to be paid for the use of your work. Postersize-it will add it's standard printing and shipping costs plus a 10% commission to your offering price to arrive at the prices displayed on our website.
